37 King Street East,

Toronto, January 5, 1857.

Sir,

Having lately retired from the firm of Thompson & Co. and commenced business on my own account, I take the liberty of soliciting a share of the patronage so liberally bestowed on that firm.

From a twelve years' experience in the business in Toronto, during eight of which I had charge of the establishment of the late Hugh Scobie, and from an intimate acquaintance, especially with the working of our Municipal and Educational systems, I feel justified in asking the support of the Municipalities in my present undertaking.

I have made such arrangements as warrant me in saying that by no other house can the wants of County, City, or Township Officers be so efficiently and speedily supplied, while the scale on which my forms are prepared enables me to furnish them at prices which cannot be surpassed for cheapness.

Attached is a List of the several Printed Forms which I keep in stock and my friends may rely upon me in the preparation of any they may require not included in the list.

Township By-Laws, Minutes, &c., printed with care and dispatch. (It is only necessary to forward the manuscript of such, and due care shall be given to have them carefully executed.)

Minute Books, Cash Books, and all the other requisites for Municipal Officers, always on hand.

I am, Sir,

Yours respectfully,

JAMES BAIN,

Editor of the Municipal and Educational Manuals.
